Journey Leader

We are pleased to have **Ross and Lucy McLean** escorting this exciting hiking adventure to Scotland. They have travelled extensively through six continents, including some time living abroad. They are lucky to live in Muskoka, one of North America's premier summer vacation spots. Clean water, delightful scenery and enchanting history is kept alive today in wooden boats and cottage verandahs. Lucy is a retired educator and Ross worked for an international consultancy. One of travel's greatest appeals for them is experiencing culture and how it varies from place to place. One of the aspects they truly appreciate about Craig Travel is the friendships made while 'on the road' that continues from adventure to adventure. Now that they are entering their 10th year of leading tours and cruises, the groups they lead around the world normally include some of these friends. They are excited by undertaking itineraries to exotic and new destinations with new and old friends alike. They look forward to sharing each journey with all those who join them!
